

# Discover Canada

There's so much more to Canada than maple syrup and skiing! As the world's second-largest country, it offers a wealth of experiences for travellers. With towering peaks, crystal clear lakes, bustling cities and famously friendly locals, Canada is a destination that promises something for everyone.

## Breathtaking natural beauty

One of the most iconic wonders of Canada is the Canadian Rockies. This majestic mountain range, formed over 70 million years ago by tectonic plate collisions, is a spectacle of rugged peaks, glacier-fed lakes and abundant wildlife, including grizzly bears, elk and caribou. A UNESCO World Heritage site, it's a year-round playground for nature lovers.

Did you know British Columbia alone has more forested land than the size of Germany and France combined? With so much space to explore, it's the perfect place to reconnect with nature.

## Adventure for everyone

Canada's diverse landscapes make it a haven for adventure enthusiasts. Whether it's skiing in renowned resorts like Whistler and Lake Louise, hiking scenic trails or kayaking on glacial lakes, there's an activity for every season.

Prefer to relax? Climb aboard a glass-domed train and let the stunning views come to you. From snow-capped peaks to roaming wildlife, your eyes will be treated to their own unforgettable adventure.

## Wild wildlife

With vast wilderness, unspoiled habitats and low human population, Canada is a sanctuary for wildlife. Spot killer whales off the coast, observe polar bears in the Arctic tundra or catch a glimpse of moose and grizzlies in their natural habitats.

Home to more than 200 species of mammals, 462 bird species and an array of marine life, Canada is an animal lover's paradise!

## History and culture

it remains part of the Commonwealth, as we do in Australia, while retaining strong French influences. Today, it's proudly bilingual, blending 'Bonjour' and 'Hello' in everyday life.

Dig deeper into its heritage, and you'll uncover the stories of the First Nations, Inuit and Métis peoples. Their unique cultures, languages and traditions enrich the country's multicultural fabric, offering visitors a meaningful connection to its roots.

## Your invitation to explore Canada

AMA Queensland invites you to Vancouver for its *Annual International Conference* in September 2025. With mild temperatures ranging from 12°C to 19°C, it's the perfect time to visit.

Vancouver is the gateway to several national parks, including the famed Stanley Park. As Vancouver's first and largest urban park, it's a magnificent green oasis amidst the city. From cultural landmarks and beautiful beaches to wildlife and dining, Stanley Park is a hub for sporting events, weddings, and film production.

## Exclusive pre- and post-conference travel options

Orbit World Travel has curated spectacular packages to make the most of your Canadian journey, with exclusive bonus inclusions:

- ▶ **Luxury Alaska Cruise:** Explore the breathtaking Alaskan coastline aboard Regent Seven Seas Cruises, with up to USD\$1,200 onboard spending included.
